Profile

UI/UX Designer and Frontend Developer with hands-on experience designing and developing responsive web interfaces. Skilled in Figma, HTML, CSS, JavaScript, and React, with a strong focus on usability, visual consistency, and responsive design. Experienced in creating wireframes, user flows, high-fidelity interfaces, reusable components, and conducting usability testing.

Professional Experience

UI/UX Designer, Bizpole 05/2026 – Present
Palakkad, Kerala

- Designed and developed responsive web interfaces with a strong focus on usability, visual hierarchy, and clean visual design.
- Created wireframes, user flows, and high-fidelity UI designs using Figma.
- Designed responsive layouts and reusable UI components to maintain consistency across projects.
- Applied UX principles including spacing, typography, accessibility, and intuitive navigation.
- Conducted UI/UX evaluation and usability testing to identify design issues and improve user experience.
- Collaborated with developers to translate designs into functional interfaces and communicate UI/UX requirements effectively.

UI/UX and Front-end Developer Intern, Febno Technologies 03/2026
Malappuram

- Designed and developed responsive web interfaces with a strong focus on user experience and clean visual design.
- Created wireframes, user flows, and high-fidelity UI designs using Figma, applying key UX principles.
- Conducted user research, usability testing, and UI/UX evaluations while collaborating with developers on improvements.

Projects

Vyram Jewells 🌐, *E-commerce Website*

- Designed and developed a modern, responsive e-commerce website for a jewellery brand.
- Created user-friendly product browsing and shopping experiences with a focus on visual hierarchy and usability.
- Designed responsive layouts and reusable UI components for a consistent experience across devices.
- Focused on a premium visual style and clear product presentation.

Bizpole One 🌐, *UI/UX Design*

- Designed user interfaces and user flows for Bizpole’s digital platform using Figma.
- Created high-fidelity UI designs with a focus on usability, consistency, and responsive layouts.
- Developed reusable design components and maintained visual consistency across screens.
- Applied UX principles including spacing, typography, hierarchy, and intuitive navigation.
